Meeting began at 7:15 pm.

April's minutes were approved by Doug, second by Dr. Gregory (with minor corrections).

Old Business:

- Tops Market – no recourse on the recommendation to impinge on the tree salvation. The Conservation Board recommended trees be saved, very disappointed these trees were not preserved. Discussing how to give more protection moving forward.
- Cloverbank Hotel and the adjacent house have been demolished.
- Yovinne Subdivision – building plans were changed to accommodate natural gas line.

New Business:

- Woodlawn Beach – discussed sewer capacity in correlation with water quality affecting our beaches.

Meeting adjourned at 8:40 pm by Doug, second by Leona.

June 1 – New moon

June 15 – Full moon

June 14 – 16 – Lyrids meteor shower

June 21 – Summer solstice – the sun is at its highest point in the sky. It's the longest daylight of the year and the first day of summer. Yaaay!

Bird migration is finished. Birds that are here now are summer residents that nest.

The next meeting will be held on Thursday, June 16th, 2011 at 7:00 pm in the Building Inspection Conference Room.
